

FATMA AKTAŞ

React & React Native & Full stack Developer

ABOUT ME

- Dedicated and detail-oriented software developer with a passion for web development and mobile applications.
- Thanks to long years of teaching experience strong communicator with a collaborative mindset, known for adapting easily evolving project requirements.
- Thrives in a team environment, utilizing creativity and empathy to drive successful outcomes.

WORK EXPERIENCE

Full stack Developer- Foodiestrip(Italy-Remote) 2024/Oct-Present

- Developed scalable web apps using Next.js and MongoDB.
- Optimized performance with SSR and efficient API integrations.
- Created responsive, dynamic UI/UX following modern design principles.
- Ensured high-quality code through testing and debugging.

React Native Developer- Didiyos(Istanbul-remote) 2024/Jan-2024/Oct

- Created a social event app with react native and managing states with redux toolkit
- I've been designing the user interface, implemented core features like the event catalog and cart operations, styling with nativewind and optimizing the app for better performance and user experience.
- I've been working with a big team and working as a mentor and core team member for the app.

React Native Developer-EmaarTechs(Istanbul -remote) 2023/March-2024/jan

- Skilled in Redux for efficiently handling application state. I created an e-commerce app using React Native.
- Designed the user interface, implemented core features like the product catalog and cart operations, and optimized the app for better performance and user experience. Incorporated React Native features like memoization, caching, and push notifications to enhance the app's functionality.

React & React Native Developer - S-Techs(Freelance) 2023/June-2023/Dec

- Proficient in Redux Toolkit and MongoDB, with a focus on developing a responsive Point of Sale (POS) application.
- Specialized in creating useful user experiences across web and mobile platforms.
- Collaborative team player with a strong foundation in JavaScript (React) and a commitment to delivering high-quality software solutions.

React/ Front end Developer - Arabuleu(France-remote) 2021 /Jan -2023/Feb

- Built interactive websites using React, JavaScript, and popular frontend tools like React-Redux and Redux Toolkit.
- Skilled in CSS and use libraries like Bootstrap and Tailwind for good- looking and user-friendly designs.
- Experienced in various projects, from e-commerce to blogs and social media like Fibabank, coffee app.
- Worked closely with teams using Agile methods, and we use Mob Programming for collaboration.

EDUCATION

2008-2012

Dokuz Eylul University

Bachelor of English Language

(with 10 years of teaching experience)

SKILLS

• Markup and Styling

HTML5, CSS3, SCSS/SASS, Bootstrap, Tailwind CSS, Chakra UI, Material UI, framemotion.js, nativewind, nativebase

• JavaScript

JavaScript (ES6), TypeScript

• Front-end Development

React, React Native, Redux, Redux Toolkit, Context API, Zustand, MobX, React MVC, MVM, Next.js

• Back-end Development

Node.js, Firebase, MongoDB, Express.js

• Mobile Development

React Native (ios-android)

• Version Control

Git, GitHub

• Project Management

Trello, Kanban, Jira, ClickUp

• Testing &Unit tests

LANGUAGE

Turkish : Native

English : Advanced/ Fluent

German : Pre-Intermediate
